Assembly Drawing

Note:

- When mounting this product, the key hole faces up and the screws mount through the PCB.
- This has threaded holes on both sides of the device which permits an alternative mount. It can either hang from a horizontal PCB or mount on top of the PCB. It is used with a LED.
- The 905-138-5010 in general is the preferred part over the 905-138-5009.
