QbE® Cleaning System

Product# QbE, QbE-R, QbE-2, Pocket QbE

Product Description

The QbE Cleaning Platforms are the patented Precision Wipe System for cleaning fiber optic end-faces. They are self-contained cleaning tools that can be used wet-to-dry for the most thorough end face cleaning possible. The QbE is convenient and economical for use in field or OEM applications.

- Complete fiber optic cleaning system – no refills to buy or investment in expensive mechanisms to maintain
- Effective wet-to-dry Combination Cleaning™ - for cleaner, use Fiber-Wash MX pen for tough soils, Fiber-Wash AQ pen for eco-friendly cleaner, and Fiber-Wash NF pen for fast drying nonflammable cleaner.
- Provides the ideal cleaning surface – The QbE cleaning platen is perfect for outside plant or OEM application
- Convenient size – portable cleaning system easily fits on work benches
- Heavy duty lint-free wiping material – tough enough to remove buffer-gel; soft enough for all end-face cleaning. Won't shred or tear
- Patented - U. S Patent Number 6,865,770 and foreign patents

Typical Applications

QbE wipes are used in Fiber Optic and Telecommunications applications for:

- End-face connector cleaning
- Splice preparation
- Buffer gel removal

Compatibility

QbE wipes are compatible with most common solvents such as alcohols, hydrocarbons and chlorinated solvents. The wipes are also generally compatible with dilute or weak acids.

Typical Product Data and Physical Properties

QbE wipes are 100% noncontaminating material. These wipes have high absorbency and contamination entrapment capacity, as well as high wet strength.

- Excellent solvent resistance
- Excellent particle entrapment
- High absorbency capacity and rate
- Very low solvent extractables
- High wet strength

QbE® Cleaning System

Product# QbE, QbE-R, QbE-2, Pocket QbE

Availability

QbE Cleaning Platform

- 3" x 3" wipes, with 200 wipes per box and a flat cleaning platen
- For connectors without alignment pins
- Up to 800 cleaning per platform

QbE-R Cleaning Platform

- 3" x 3" wipes, 200/Box
- 3" x 3" wipes, with 200 wipes per box and a raised/ridged cleaning platform
- Cleans all FTX connector geometries, including SC/LC, MT-Type, OptiFit, and e2000 by cleaning the entire connector
- Up to 800 cleaning per platform

QbE-2 Cleaning Platform

- 1.375" x 3" wipes, with 200 wipes per box and a flat cleaning platen
- For connectors without alignment pins
- Up to 400 cleaning per platform
