- Dispenses approximately 0.2cc of liquid with each pump

Pump Material Stainless-Steel

Locks for Travel Yes

Neck Size / Thread 38-400

Lid-Type Cam-lock hinge lid

Gasket Material F217 Tri-Seal Foam

Pump Care:
Some types of fluids may leave a residue in the mechanism of the dispenser. Over time, this can reduce the performance of the pump. Occasional cleaning is recommended to maintain your unit to original efficiency.
Clean by flushing the mechanism thoroughly with warm soapy water. Flush the mechanism again with clean water to remove any soap residue. Do not boil or steam the dispenser. For long periods of inactivity, pumps should be flushed free of liquid and stored inverted in a dry place.

Specifications and procedures subject to change without notice. Unless otherwise noted, tolerance is $\pm 10\%$.
