Emergency telephone number

Emergency telephone +1 (800) 255-3924, +1 (813) 248-0585

2. Hazard(s) identification

Classification of the substance or mixture

Physical hazards Not Classified

Acute Tox. 4 - H302 Acute Tox. 4 - H332 Skin Irrit. 2 - H315 Eye Dam. 1 - H318 Skin Sens. 1 Health hazards

- H317

Environmental hazards Aquatic Chronic 2 - H411

Label elements Pictogram

Signal word

Danger

Hazard statements H302+H332 Harmful if swallowed or if inhaled.

H315 Causes skin irritation.

H317 May cause an allergic skin reaction. H318 Causes serious eye damage.

H411 Toxic to aquatic life with long lasting effects.

Manufacturer:

Epoxy Technology

Product Name:

EPO-TEK® 320LV Opaque Epoxy, Room Temperature Cure (2.5g)

Manufacturer Part Number:

ET320LV-2.5G

Click here for more details on the EPO-TEK® 320LV Opaque Epoxy, Room Temperature Cure (2.5g)

Revision date: 6/26/2017	Revision: 2	Supersedes date: 11/5/201	
	EPO-TEK 320-LV Par	rt A	
Precautionary statements	P280 Wear protective gloves/ protective clothing/ eye protection/ face protection. P301+P312 If swallowed: Call a poison center/ doctor if you feel unwell. P302+P352 If on skin: Wash with plenty of water. P304+P340 If inhaled: Remove person to fresh iar and keep comfortable for breathing. P305+P351+P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501 Dispose of contents/ container in accordance with national regulations.		
Contains	Bisphenol A Diglycidyl Ether Resin, Reactive Diluent		
Other hazards			
Harmful dust may be release	ed during cutting or grinding process.		
Hazards not otherwise classified (HNOC)	Contains epoxy constituents. May produce a	an allergic reaction.

Manufacturer:

Epoxy Technology

Product Name:

EPO-TEK® 320LV Opaque Epoxy, Room Temperature Cure (2.5g)

Manufacturer Part Number:

ET320LV-2.5G

Click here for more details on the EPO-TEK® 320LV Opaque Epoxy, Room Temperature Cure (2.5g)

evision date: 6/26/2017 Supersedes date: 11/5/2014 EPO-TEK 320-LV Part A 7. Handling and storage Precautions for safe handling Handle all packages and containers carefully to minimize spills. Avoid contact with skin and Usage precautions eyes. Wear protective clothing as described in Section 8 of this safety data sheet Advice on general Provide eyewash station. Do not eat, drink or smoke when using this product. Wash promptly occupational hygiene with soap and water if skin becomes contaminated. Wash after use and before eating, smoking and using the toilet. Wash contaminated clothing before reuse. Use appropriate skin cream to prevent drying of skin. Conditions for safe storage, including any incompatibilities Storage precautions Store at room temperature. Keep container tightly sealed when not in use. Storage class Chemical storage. Specific end uses(s) Specific end use(s) The identified uses for this product are detailed in Section 1. 8. Exposure Controls/personal protection Control parameters Occupational exposure limits Carbon Black* Long-term exposure limit (8-hour TWA): ACGIH 3 mg/m3 inhalable fraction Long-term exposure limit (8-hour TWA): 3 A3 Long-term exposure limit (8-hour TWA): OSHA 3.5 mg/m3 ACGIH = American Conference of Governmental Industrial Hygienists. A3 = Confirmed Animal Carcinogen with Unknown Relevance to Humans. OSHA = Occupational Safety and Health Administration. Ingredient comments *This product contains Carbon Black, which is suspected of causing cancer when inhaled in fine particulate form. Carbon Black should not be respirable in this formulation. However, if cured material will be ground, milled, etc., wear respiratory protection to avoid inhaling any dust that may be produced. Exposure controls Appropriate engineering Provide adequate general and local exhaust ventilation. Eye/face protection Wear tight-fitting, chemical splash goggles or face shield. Hand protection It is recommended that chemical-resistant, impervious gloves are worn. Wear appropriate clothing to prevent any possibility of skin contact. Other skin and body protection Hygiene measures Provide eyewash station. Do not smoke in work area. Wash at the end of each work shift and before eating, smoking and using the toilet. Promptly remove any clothing that becomes contaminated. Use appropriate skin cream to prevent drying of skin. When using do not eat, drink or smoke.

If ventilation is inadequate, suitable respiratory protection must be worn.

Data is subject to change without notice.

	EPO-TEK 320-LV Part A				
9. Physical and Chemical Pro	perties				
Information on basic physical	and chem	ical properties			
Appearance	Paste.				
Color	Black.				
Odor	Mild.	Mild.			
Flash point	>93°C				
Evaporation rate	<buac< td=""></buac<>				
Vapor density	>1				
Solubility(ies)	Slightty soluble in water.				
Other information	None.				
10. Stability and reactivity					
Reactivity	The following materials may react violently with the product: Strong oxidizing agents. Strong reducing agents.				
Stability	Stable at normal ambient temperatures and when used as recommended.				
Possibility of hazardous reactions	Will not polymerize.				
Conditions to avoid	Avoid excessive heat for prolonged periods of time. Avoid heat, flames and other sources of ignition.				
Materials to avoid	Strong oxidizing agents. Strong reducing agents.				
Hazardous decomposition products	Thermal decomposition or combustion products may include the following substances: Carbon monoxide (CO). Carbon dioxide (CO2).				
11. Toxicological information					
Information on toxicological e	ffects				
Toxicological information on i	naredients				
		Carbon Black*			
Carcinogenicity					
IARC carcinoge	nicity	IARC Group 2B Possibly carcinogenic to huma	ans.		
NTP carcinoger	icity	Reasonably anticipated to be a human carcinog	jen.		
OSHA Carcinogenicity		Not listed.			
Carcinogenicity Carcinogenicity	fine par cured n	roduct contains Carbon Black, which is suspected ticulate form. Carbon Black should not be respirab naterial will be ground, milled, etc., wear respirator at may be produced.	le in this formulation. However, if		

Manufacturer:

Epoxy Technology

Product Name:

EPO-TEK® 320LV Opaque Epoxy, Room Temperature Cure (2.5g)

Manufacturer Part Number:

ET320LV-2.5G

Click here for more details on the EPO-TEK® 320LV Opaque Epoxy, Room Temperature Cure (2.5g)

Revision date: 6/26/2017 Revision: 2 Supersedes date: 11/5/2014

EPO-TEK 320-LV Part A

Inhalation Harmful if inhaled. Inhalation of dust during cutting, grinding or sanding operations involving

this product may cause irritation of the respiratory tract. Vapors may cause headache, fatigue,

dizziness and nausea.

Ingestion Harmful if swallowed. May cause chemical burns in mouth, esophagus and stomach. May

cause stomach pain or vomiting.

Skin Contact May cause sensitisation by skin contact. Irritating to skin.

Eye contact Causes serious eye damage.

12. Ecological Information

Ecotoxicity Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

Acute toxicity - fish Not available.

Persistence and degradability

Persistence and degradability No data available.

Bioaccumulative potential

Bio-Accumulative Potential No data available on bioaccumulation.

Mobility in soil

Mobility The product has poor water-solubility.

Other adverse effects

Other adverse effects Not known.

13. Disposal considerations

Waste treatment methods

Disposal methods Dispose of waste to licensed waste disposal site in accordance with the requirements of the

local Waste Disposal Authority.

14. Transport information
